FACTS AND FIGURES FOR CAREFUL CONSIDERATION OF CALIFORNIA TRIP WORKERS

"How many votes do I need, to be sure of a trip?" is a frequent question at this time among the trip contestants.

Definite assurance of how many votes will be needed, it is impossible to give, owing always to the uncertainty of final contest counts. But a comparison of the vote gains made last year in the last two weeks of voting gives something to base a prophecy on.

Average Gain 200,000 for Two Weeks.

By taking combined totals of the votes of the leading trip contestants on May 14th, two weeks before the close of the Yosemite Contest, and dividing by the number of contestants, it is learned that there was an average gain of two hundred thousand votes for each contestant's safe.

Three Hundred Thousand Fairly Safe. Judging by this many of the present leading contestants will have to double their present totals, and some of them to treble it, to be sure of a trip after the final count. A rather certain total would be somewhere in the immediate vicinity of three hundred thousand, although there is a slight possibility of the ninth and tenth place trips being earned by a total of a hundred thousand less.

Many Will Try for These Places.

The difficulty of trying to secure a trip with the smaller vote total is that there is very apt to be from five to seven candidates with totals near two hundred thousand. As said before a total of three hundred thousand or a few more is the most certain total to depend upon.

Not So Many Subscriptions Required.

Three hundred thousand votes, are not so very many, when one considers the large amount of votes issued on long term subscriptions. One young man is confident that he will earn a trip by turning in only ten subscriptions—but they are all to be five-year daily orders. This would make his total a little more than three hundred thousand.

Most Candidates Have a "Safety" Subscription.

Almost every active candidate is counting on turning in one or two five-year subscriptions as "safety" for the contest close. Thirty or sixty thousand votes added to the votes of twenty yearly daily subscriptions will give an approximate vote of one hundred thousand. This of course would be comparatively safe ground only for the leading candidates above fifth or sixth place; secure this much, if you are in either of these positions, and you may be fairly sure of getting a trip. To the others all that can be said is: get as many or more. All will need all they get. But do not be discouraged. This is more apt to frighten the candidate just below you, than it is you, so keep up the good work. The winners, which means the stickers and the workers, will get the trips.

Prophecy, Not a Promise.

The contest prophecy given above is based merely on a comparison of the increase of vote totals at former contest ends and is not taken from summing up the vote issue up to the present time, nor should any part of it be taken as an additional promise on the part of the Bulletin. The trips are to go to the ten people who get the most votes. There is no other Bulletin promise to depend upon. But upon this you can rely implicitly.

Make the Goal a Safe One.

By making the three hundred thousand mark your goal, you have something specific to work for during the next two weeks and if you pass that point and are one of the first ten you will get the additional mileage credit and reward.

Contest Closes June 24th, 8 p. m.

Saturday, June the twenty-fourth, is the time set for the close of the contest and all votes and subscriptions MUST be in the Bulletin office on that date. The closing hour will be at 8 o'clock p. m. on June 24th, and those depending on the mails to bring their subscriptions to the Bulletin office MUST have all votes and vote coupons in the ballot box before 8 o'clock p. m. on that date.

The judges for the final count of the ballots will be chosen from prominent business men of Honolulu; their names will be announced in due season. All contestants will have the right to select a friend or relative to represent them and look after their interests during the final count of the ballots.

No Paper Votes After Saturday, June 17th.

The coupons in the paper good for votes will not appear after June 17th. The reason for not running the coupons during the final week is that an advantage would be given Honolulu subscribers over those on the outside islands. The island readers would not have time to mail all the coupons back for the final count.

New Subscriptions and Old.

A number of inquiries are made daily as to the votes allowed on new and old subscriptions. Votes are al-

lowed on both, but only when the renewals pay in advance.

New subscribers means increase in circulation. Therefore no one will be allowed to change the name of the old subscriber from one member of the family to another, in order to receive more votes.

Nominations at any Time.

The nomination coupon will not be run daily any longer but this does not mean that nominations can not still be sent in. Nominations of organization or trip candidates can be made at any time during the contest. From time to time the nominating coupon will appear in the paper, but if it does not appear at the time when you want the blank, write out the name, address, and occupation on a piece of paper and send to us; it will count for the 5000 nominating votes as if on a regular coupon.

Names of candidates when first nominated will be printed for one time and then not again until they receive votes at some count.

Subscribers sending in payments to the Bulletin must always mention the name of the individual trip contestant and the organization contestant, they wish to vote for, as all ballots are filled out before leaving office. You can hold back the ballots as long as you wish. Always state whether you want the votes cast or returned to you.

Every subscription payment made on or since March 28th entitles the payer to votes for a trip contestant. Every payment made on or since April 27th entitles the payer to votes for both a trip contestant and an organization contestant. Present receipts and votes will be issued.

Remember you get two sets of votes if you pay or have paid your subscription since April 27th; one for a trip candidate, and another for an organization candidate. An equal number of votes as given in the standing vote schedule are issued for both.

Keep your paper coupons for trip and organization candidates separate and do not roll the votes. Send them in, in envelopes with the name of the candidate and the number of votes they contain written on the front. This will help to make counts accurate and prompt, and permit you to estimate what correct total should be in advance.

How Votes are Issued.

Every copy of the Bulletin will contain a coupon, which, when properly filled out, will entitle the holder to votes of the number specified. Votes are also issued on paid subscriptions to the Evening Bulletin in proportion to the length of time such subscriptions are paid in accordance with the schedule appearing below.

MAUNA KEA IS NOT CROWDED

There is little likelihood that the fortunate band of excursionists to leave Honolulu this evening in the Inter-Island flagship Mauna Kea will be crowded for room. The vessel, being the largest in the coasting fleet, has ample accommodation for one hundred and fifty cabin passengers. According to a list now looked at the city ticket office, less than one hundred persons will make the cruise through summer seas, calling at the islands of Kauai and Maui—a trip that will require two days to complete.

The Mauna Kea returned this morning from her regular run to Hilo and way ports. The vessel was immediately turned over to a large force of workers, who are busy today in making preparations for the cruise. Chief Steward De Mello has arranged for the serving of a series of sumptuous meals to the merry party of week-end trippers. He has fairly rifled the local markets for a long list of good things, and those who have from time to time
